OURS ROOMS

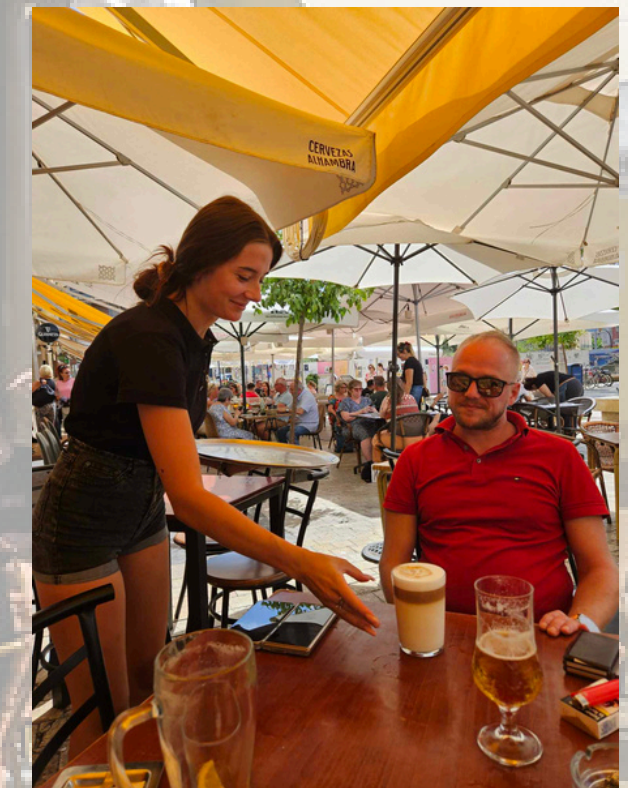

"Our place has 2 apartments, and one of them has 3 rooms. The doors open with a code, making it easy to enter. On the top floor, there is a big terrace with a beautiful view. We usually spend time there at night."

PICASSO BAR TAPAS

“Classic tapas served in a busy, down-to-earth environment with a full bar & patio tables.”

Radovan was happy in Picasso, he did the preparatory work, he cleaned the seafood and cut the vegetables, I scooped the food onto the plate.

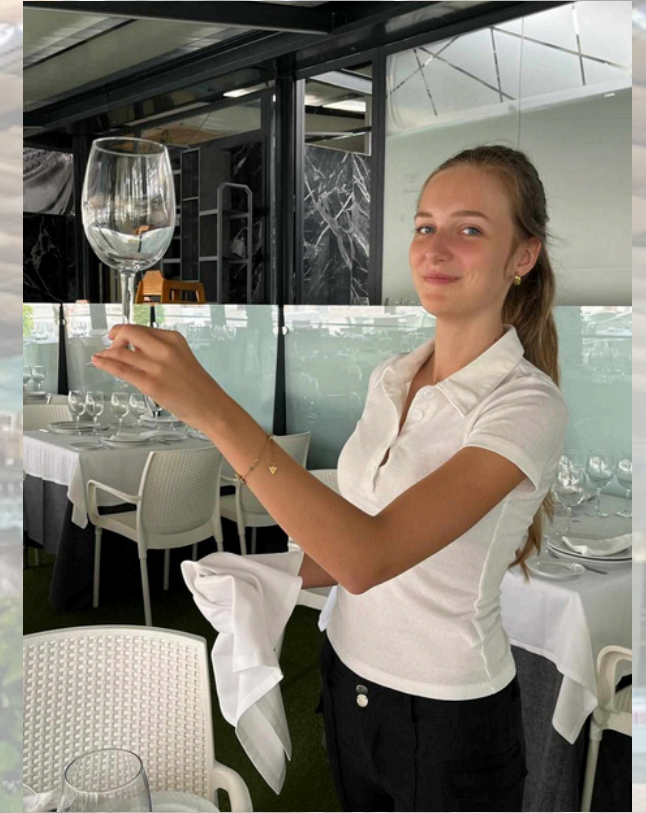

The girls worked as waitresses. They served customers and practiced communicating with them. They worked behind the bar and tried their hand at preparing typical drinks.

RESTAURANTE GUTIÉRREZ PUERTO

“Laid-back waterside restaurant offering a diverse menu of seafood dishes & desserts.”

- Restaurante Gutiérrez Puerto is in Malaga, and we serve Spanish food and drinks.
- We work six-hour shifts as waiters, bringing food and drinks to the tables.
- One of us also works as a bartender, making drinks for the guests.
- We tried speaking in Spanish, and we learn more words and sentences to communicate better and make everyone feel welcome.

RESTAURANTE LA RESERVA 12

*“The **Restaurante La Reserva 12** is located in the centre of Málaga, next to the Calle Larios. The restaurant serves a wide variety of wines and there is a good selection of dishes for you to try.”*

**We worked 6 hours like everyone else.
During the working day we mostly made
croquettes, sardines, calamari and shrimps.
We helped prepare a typical paella and
learned how to fillet larger fish.**

CAMINITO DEL REY

“We thoroughly enjoyed our guided walk at the Caminito del Rey. If you don't like heights this may not be the experience for you. However, it's all perfectly safe on suspended boardwalks.”
